## Electronic Score Card

This year we introduced an online option to submit your score card. A few teams did use this last season. Once downloaded on to your PC you can fill out the form in your Acrobat Reader program which is free to download: <http://get.adobe.com/uk/reader/> Then just email it straight to Pete.

Later in next season we do hope to offer a fully integrated and pre filled version within the website to make it even easier. All this helps to reduce the leagues overheads.
